Blairex Laboratories, Inc.  
P.O. Box 2127  
Columbus, IN 47202-2127

## IDENTITY: Boudreaux's Butt Paste

Blairex Item Number: various                      Package Size: 10 g: 1, 2, 3, 4, 16 oz.  
NDC Number                      various                      UPC Number: various

### SECTION 1 – HAZARDOUS INGREDIENTS/IDENTITY

None

### SECTION 2 – COMPOSITION

Ingredient	CAS Number	Percent (approximate)
Petrolatum	8009-03-8	> 50%
Zinc oxide	1314-13-2	16%
Mineral oil & paraffins	8042-47-5	> 15%
Castor oil	8001-79-4	> 5%
Boric acid	10043-35-3	< 1%
Herbal extract	8007-00-9	< 5%

### SECTION 3 – PRODUCTION INFORMATION

Manufactured by: Applied Laboratories, Inc.  
3240 N. Indianapolis Rd.  
Columbus, IN 47202-0448  
Phone: (812) 372-2607

### SECTION 4 – PHYSICAL DATA

Physical state: Thick, non-pourable paste  
Odor: Herbal  
Color: Beige or tan  
Specific Gravity: app. 0.9  
Vapor Pressure: NA  
Vapor Density: NA  
Evaporation Rate: NA  
Boiling Point: Not known  
Melting Point: app. 30°C  
pH: NA

## SECTION 5 – FIRE AND EXPLOSION HAZARD DATA

Material is not flammable. Flash point >190°C.

### **NFPA Rating**

Health:0 Flammability:1 Reactivity:0

### **Special Fire Fighting Instructions**

Use water spray to cool fire exposed containers and structures. Do not direct solid water stream or foam into burning molten material, thus causing splattering and spreading of fire. Water may cause the fire to spread as the material floats on water.

### **Fire Extinguishing Media**

CO<sub>2</sub>, dry chemical, alcohol foam, water fog.

## SECTION 6 – REACTIVITY DATA

### **Stability**

Stable under ordinary conditions of use and storage.

### **Hazardous Decomposition Products**

Carbon oxides may form when burned.

### **Hazardous Polymerization**

Will not occur.

### **Incompatibilities**

Strong oxidants, sunlight, and ultraviolet light.

### **Conditions to Avoid**

Heat and high temperatures.

## SECTION 7 – HEALTH EFFECTS

<b>Health Hazards</b>	Inhalation:	Acute:	None
		Chronic:	None
	Skin:	Acute:	None
		Chronic:	None
	Ingestion:	Acute:	None
		Chronic:	None
<b>Carcinogenicity</b>			None
<b>Signs and symptoms of exposure</b>			None
<b>Medical conditions generally aggravated by exposure</b>			None

## SECTION 8 – FIRST AID MEASURES

### **Inhalation**

Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Call a physician. Exposed persons should be kept under medical observation for 48 hours because delayed effects may occur.

---

## **Ingestion**

Treat symptomatically. Not expected to be toxic.

## **Skin Contact**

Wash skin with soap and water. Remove contaminated clothing. Wash clothing before reuse. Obtain medical attention if irritation persists.

## **Eye Contact**

Check for and remove any contact lenses. Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Cold water may be used. Get medical attention if discomfort persists.

---

<b>SECTION 9 – PRECAUTIONS FOR SAFE HANDLING AND STORAGE</b>
--

Do not use pressure to empty containers. Protect against physical damage. Store in a cool, dry, well-ventilated location away from any area where the fire hazard may be acute. Separate from incompatibles. Empty containers will retain product residue.

---

<b>SECTION 10 – PERSONAL PROTECTIVE EQUIPMENT</b>
---

## **Respiratory Protection**

No special protection required. If the product has been heated and a vapor has been generated, wear an organic respirator with a mist filter.

## **Skin Protection**

Wear protective clothing, such as boots, gloves, lab coat, apron, or coveralls to minimize skin contact.

## **Eye Protection**

If product is hot and splashing is possible, wear chemical safety glasses, goggles, or full face shield.

---

<b>SECTION 11 – ACCIDENTAL RELEASE MEASURES</b>
---

Ventilate area. Remove all sources of ignition. Isolate spill area. Material will float on water. DO NOT FLUSH TO SEWER. Prevent entry into sewers, basements, or confined areas. Dike if needed. Floors may be slippery, so use care to avoid falling.

---

<b>SECTION 12 – TOXICOLOGICAL INFORMATION</b>
---

## **Routes of Entry**

Ingestion, Inhalation, Eye contact

## **Toxicity to Animals**

Not known.

---

## SECTION 13 - ECOLOGICAL INFORMATION

No data available.

Product may be mechanically separated from water. The water may be suitable for disposal in a biological waste water treatment facility.

---

## SECTION 14 - DISPOSAL CONSIDERATIONS

Dispose according to local, state, and federal regulations.

---

## SECTION 15 - TRANSPORT INFORMATION

### **Domestic (Land)**

Product is not regulated by D.O.T.

### **International**

Product is not regulated by IMDG.

### **International (Air)**

Product is not regulated by ICAO.

---

## SECTION 16 - OTHER INFORMATION
